

WINNING GCD

coffee machines

WINNING GCD

coffee machines

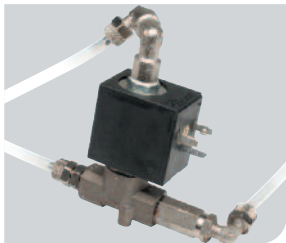

- Modern design coordinated with Snack & Food models
- Smooth and linear outside surface, easy to clean
- Panels back-lit by low-consumption LEDs, easy to customize
- Selection keypad with touch technology and LEDs-lit keys
- Graphic colour display 480 x 272 pixel with the possibility of personalised slide shows and / or visualization of supplementary information (ex: product ingredients and nutritional value)
- High-performance FAS MF1 flat blade grinding/metering unit
- Facilitated access to the distributor to reduce maintenance times
- Pre-painted machine structure with door with 3 closure points and programmable Rieda lock block
- Ready for anti-vandal coin input kit
- Top and side break-in prevention bars
- 650 cc heater with high-precision temperature probe
- 32 - bit electronics with USB 2.0 HOST
- Rieda RS1 Lock
- Energy saving function
- Programming, cloning, and Audit functions using a standard USB Pen Drive

Winning GCD + Faster GCD 900

Cup dispenser with double hinge joint for complete articulation of the unit, facilitates access to the internal machine parts for all loading, maintenance and cleaning operations

Mixer solenoid valve guarantees instant beverages with optimal differentiated temperatures

Flat blade professional grinder MF1

Available flat blade professional grinder MF2 with automatic grinding variation
